## Tap Company

BY ALISON WOLFE

EVERYBODY DANCE NOW! A Lincoln Hills Tap Company Production —  
Get ready to tap your toes and move to the rhythm at the Lincoln Hills Tap Company’s much-anticipated spring 2024 show, Everybody Dance Now! This lively and upbeat extravaganza is set to dazzle audiences on April 4th, 5th, 6th, and 7th in the Ballroom (OC).

Under the creative guidance of the production committee (Sharon Lefkov, Mary Adamson, Kathy Fernandes, Jennifer Carroll, and Alison Wolfe), Everybody Dance Now! promises to be a celebration of diverse dance forms. The show will feature a spectacular array of acts, seamlessly blending ballroom, clogging, tap, hula, line dance, jazz, and more. The stage will come alive with the vibrant energy of different dance styles, showcasing the incredible talent within the SCLH community.

## Players Club

BY DOUG BROWN

The Players Club is delighted to announce two FREE READERS THEATER shows on Saturday, February 3 and Sunday, February 4, both at 3:00 PM in Kilaga Springs Presentation Hall. (By the way, February 4 is NOT Super Bowl Sunday.) The one-hour show treats audiences to five delightfully funny stories, “Memories Are Made of This,” written and directed by Alan Lowe. Lincoln Hills denizens will easily identify with these tales from the [fictitious] Sunset Ridge senior community. Come on out to this free show, sit back, relax and enjoy a great time. Fun for all!

Next on the Players’ agenda is our June 13-16 MAIN STAGE SHOW, “Old Hams,” directed by Jane Patton. This summertime show regularly sells out in the intimate Presentation Hall venue, so you might want to mark your calendar and purchase tickets when they go on sale April 17. “Old Hams” features a cast of eleven retired Hollywood

actors and filmmakers residing in a hundred-year-old manor in Burbank, CA. The big question is: Will these eleven “old hams” (and are they ever old HAMS!) be able to thwart a dastardly real estate plan to sell their beloved mansion and convert the property into... say it isn’t so... a shopping mall?

The Players club welcomes all to come to our meetings. As you meet members, you’ll soon discover that theater is NOT just about acting on stage, the thought of which is sometimes downright scary... performing in front of audiences, perfecting your lines, and all that. In fact, last November’s “Shame of Tombstone” involved 40+ “backstage” people (costumers, props handlers, stage designers and builders, publicists, audio and lights crew, and more), all supporting the 12 actors on the stage! Next meeting is Monday, February 12, at 4:00 PM, in Kilaga Springs Presentation Hall. Come on out and be our guest!

## LH Foundation — Books, Buddies and Bingo!

BY DENISE BOWDEN

February is a short month but there are many opportunities to celebrate. From Groundhogs and Superbowls to Presidents and our Valentines there is a lot to keep us busy. Two special days are Book Giving Day and World Cancer Day, and the Lincoln Hills Foundation celebrates both. Our support of the Friends of the Lincoln Library for large print books as well as technology-based access to books and other media puts reading and watching at the touch of a button. Our grant to Bosom Buddies acknowledges the support and camaraderie so important for facing tough times and through the healing process.

Your gifts make it possible for us to continue supporting these great organizations as well as others. 100% of all donations received go back into the community in grants for programs that support our seniors.

Our February Bingo will be on Wednesday, February 28th. Note that Bingo has now moved to mostly Wednesdays so check each month, so you don’t miss out. Our volunteers will be ready so get those daubers ready. This year we will be highlighting monthly an organization that receives grants from the Foundation. This is a great way to see the impact being made by the community’s generosity.

On February 28th doors open at 12:30  
(cont’ on page 31)

## Meet The Author Lecture Series

BY JOY HUTCHISON

Guest author Bob “Doc” Owens will discuss his book Pointman in Kilaga Springs’ Presentation Hall at 2:30pm on Monday, February 26th. Although a work of fiction, Pointman was originally started as a diary more than 40 years ago. However, many of the experiences depicted in the book reflect the actual suffering and sacrifices as well as the camaraderie and courage demonstrated by a platoon of young soldiers during the Vietnam War.

While serving for his country, Mr. Owens received the Combat Medical Badge, Purple Heart and Bronze Star during his time with the 9th Infantry Division in the Mekong Delta, as well as the Cambodian invasion in 1970. He was then transferred to the 1st Cav. Division where he served with the 15th Medical Battalion. A graduate of UC Davis and Cal State Chico, Mr. Owens was a teacher and school administrator for 35 years before retiring as the Lassen County Superintendent of Schools. He is a member of the American Legion as well as a lifetime member of both the Veterans of Foreign Wars and the Vietnam Veterans of America.

## LH Chorus

BY GAY MACKINTOSH

"There's no business like show business . . . Let's go on with the show!" The Lincoln Hills Chorus will be giving our "Regards to Broadway" with three performances in May. What are a few of your favorite things from the Great White Way? Try to remember that special song—but if you don't remember, we're sure to remind you of some of Broadway's most memorable hits.

Nina Malone and Paul Melkonian

Our chorale selections span more than a century of rousing musicals from "Little Johnny Jones" (1901) to "Oklahoma" (1943), "Annie Get Your Gun" (1946) to "Man of La Mancha" (1965), "Mamma Mia" (2001) to "Dear Evan Hansen" (2016), and much, much more. Can you name that tune? Tune in again next month to find out what we'll be singing from each of these shows.

Tuneful Director Paul Melkonian and Accompanist Nina Malone will inspire us as always to sound our best. It will be "a grand night for singing" when our show opens May 3—plus two grand afternoons May 4 and 5 if you prefer a matinee. Watch the Compass and eNews for the date tickets go on sale and get ready to reserve your favorite seats. With the Lincoln High School Choir rounding out our program, tickets are sure to sell out fast!

## Country Couples

BY LORI BIBBY

We had a great turn out at our Holiday Dance in December. We enjoyed a wonderful turkey and ham dinner with all the fixings. We danced the night away while enjoying the company of our great dance friends.

Dancing at the Holiday Party.

What is country couples dancing? It's simply choreographed line dancing with a partner. Our club meets on Fridays in the Fine Arts Room (OC) at 9:30 AM for beginner practice and 10:30 AM for intermediate practice. Come check us out! The practice leaders are very good at going over the dances, and the emphasis is on having fun. Actually, it's been said many times we are a social club with a dance problem.

John and I started out a few years ago with no dance experience. We now know over 30 dances. Yes, we mess up and make mistakes, but the good news is no one laughs at us, however we do do a lot of laughing because we are having fun with the great friends we've made.

For those with some line dance experience, you can sign up for the Association's Country Couples Western Dance classes offered on Monday evenings, taught by Dennis and Georgi Dawson. Extra practice is on Saturday. Many of our active club members enjoy these classes because we just can't get enough dancing in our lives.

Our next Club dance is February 17th in the Multi-Purpose Room (KS) from noon to 4:00 PM. This is a no-frills dance.

We are excited about our Dance Cruise to Alaska in 2025. It's not too late to sign up.

For more information about Country Couples, please contact April Cederburg at 916-390-3931 or you can go to our Website: [www.sclhcc.com](http://www.sclhcc.com).

**Lifesaver!!!**

I cannot describe how fortunate I feel to have found Jackie to sell my parents' home when my dad passed and my mother was in a board and care. She was so kind understanding every step of the way. I had to clean out their entire house while managing my dad's affairs, etc. She has some fabulous helpers who assisted me so respectfully in my time of need. She also has a very talented photographer and stager who I'm sure helped sell the home quickly and over asking price. I just can't say enough positive things about Jackie and everyone who assisted her. I have no hesitation highly recommending her to anyone selling in Sun City Lincoln Hills or any of the surrounding areas.

## Mixed Media

BY JILL SHORT

It is time to, "Play More in '24"! You can do that at the Mixed Media Club. In January and February, we are focusing on playing, cutting, and pasting in our art. We are a club that gets excited playing with all kinds of art materials. We throw out the word "perfection" and adopt these words and sayings: wonky, messy, embracing the imperfection, oops – oh well, love the wrinkles, there are no mistakes in art only opportunities to be creative. The club is a safe place to try out mixed media even if you feel you are not artistic and you do not know where to start. We encourage each other in all our art projects. For those who want to continue in art we can help you get started with ideas for some basic supplies. For those who are wondering "What is Mixed Media Art?" I will try to make it as easy as possible. It is using at least two art materials. For example, if you are making an acrylic painting the second you add some touches of a Sharpie on it, you have crossed over into mixed media. Maybe you are doing watercolor, next you add some paper and pastel. Congratulations! You have gone into the world of mixed media. We love to use everything and anything in our art!

Our February voluntary art challenge is to use the prompt, "Snow Day" and let your

creative juices flow. Then show us what you have done at our February 21 meeting.

The Mixed Media Club meets the 3rd Wednesday of the month in the Fine Arts Room (OC) 1:00 PM. The Mixed Media Board for 2024 is Chris Fetter (President), Jan Stephens (in charge of Display Windows), Nan Griffin, Frima Stewart and Jill Short (Compass and Sun Senior News club writer).

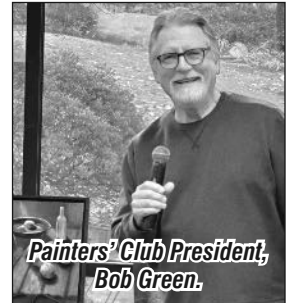

For more information contact our Club President, Chris Fetter at 916-276-7895 or email at: [mixed.media.chrisf@gmail.com](mailto:mixed.media.chrisf@gmail.com)

## LH Photography Club

BY DIANE MARGETTS

Our January meeting featured a workshop on single flash photography. This meeting was a hands-on workshop to practice the tips and techniques that Arik Gorban presented in our Oct meeting.

Field trip planning is already underway for the new year with a trip to Monterey, Carmel, Pacific Grove, Asilomar, 17 Mile Drive and Big Sur areas scheduled for late April. Many more trips will be added including local adventures in surrounding communities.

One of the many benefits of photography club membership is exhibiting your work in local venues. We currently have a 'Cityscapes' exhibition at Lincoln's Simple Pleasures Restaurant. Visit Simple Pleasures for breakfast or lunch and check out some incredible photography! The exhibit will be up until Feb 5.

Thinking about joining the Photography Club? We always welcome new members. For information of meeting times, schedules and how to join, please check out our website.

To enjoy some wonderful photography, check out our Facebook Page. The Club Facebook page is open to all residents of SCLH

## Woodcarvers Club

BY LIONEL RAINMAN

Woodcarving is an enjoyable pastime. It can become an absorbing hobby. One is never too old to learn or to rekindle their desire to turn that piece of wood into another shape. Of course, someone, years ago, may have carved their initials into a tree or worse yet the school desk with a penknife. The Woodcarvers Club doesn't endorse that type of carving. More specifically carvers usually start with an idea, then a pattern and then the carving begins. A novice usually will attempt a simple object and may graduate to more difficult items along the way. Basic carving tools can be as simple as a penknife or several carving knives and gouges. As carvers become more proficient additional tools may be added to the collection as well as sharpening stones and hones.

The Woodcarvers Club is here to help get you started. We have tools, books and friendly members to help you along the way.

Woodcarvers meet every Wednesday from 1:00-4:00 PM in the Sierra Room at (KS).

## Roseville Stamp Club

BY TIM MILES

February is here and we have received quite a few annual dues (\$20.00) for 2024. You can drop them off at any meeting or drop a check off with Al Capparelli (916-771-8288).

We have a new Club Secretary, Bob Bartlett, who will keep you updated on future events. Make sure that your email address is on file with the Club. If you receive Al Raub's emails on club events, Bob will get a copy of them so you're all set.

Our meeting are held, normally on Tuesday nights, at the Sun City Roseville Lodge (7050 Del Webb Blvd, Roseville) at 6:30 pm and we're finished right around 8:30 pm. We have drawings, door prizes, access to all things "philatelic" from album pages to stamps to stamp covers and hinges and everything in-between.

The February meetings are set for Tuesday, February 13 and Tuesday, February 27. The March meetings are set for Tuesday, March 12 and Tuesday, March 26.

Anybody who has an "old" album put away from "years ago" and wants to know a current value is free to come to any of our meetings to have it randomly appraised. We have current catalogs and all the goodies you could imagine to help you. Remember, there is no such thing as "dumb" question in our hobby.

The club also has garage sessions that you can schedule yourself for by calling Al Cap. This is a good way to fill in the "gaps" in your collection.

C'mon to one of our meetings and enjoy the hobby. It's inexpensive and a lot of fun.

## Shalom Social Group

BY JUDY GANULIN

Things are going well for the Shalom Social Group. We continue to volunteer at the Placer Food Bank. Our Board remains engaged in planning diverse and interesting programs. At our January meeting Tevin, head of the Jewish Film Festival, previewed some of the films to be shown at this year's festival. Our Men's Group brunch featured a video on "Israel Today" that was woven into a discussion with our own Hagai Narkis. Our Women Together heard two speakers from the Sacramento Chapter of National Council of Jewish Women. For membership information please contact Margie Gulko, 916-543-5303 or Deanne Iliff, 530-518-3704.

## Lavender Friends

BY JOAN LACKTIS

We are gearing up for this year's club activities and will be writing more about them in the coming months. At our January general membership meeting, we had an Idea Fest to gather suggestions for activities from members and to start the planning process. We are looking forward to another year of fun activities together.

Sometimes people wonder why lesbians and gays feel the need to socialize in their own clubs and groups. This goes back to our experiences when we were younger, before there was as much acceptance as there is today. Same-gender couples, especially, might get the side-eye or hear slurs when we were out and about. This wasn't a problem when we were with others within our LGBTQ community, so we formed clubs like Lavender Friends to support each other and provide safe and fun social outings.

If you are missing your Lavender Friends during this time when we are in the planning stage for the rest of the year, remember you can come to our monthly birthday celebrations. Or call someone up for a movie or walk on our beautiful trails. And don't forget to put our all-member mixer on your calendar for June 1. We always say there's no friend like a Lavender Friend.

Lavender Friends is a club for LGBTQ residents of Lincoln Hills and their supporters; check out our website at [lavenderfriends.com](http://lavenderfriends.com).

## Apple User Group

BY NINA MAZZO

Our volunteers are individuals who share their Apple knowledge and specialized expertise. Many work with members who want to continue to learn and experience the joy of discovery. One of those volunteers is Bill Smith who is "retiring" from his role as program chair. He has shared his knowledge; lead the program committee; was always on the lookout for seminar topics of interest for a diverse group of members; tutored; assisted with open labs and presented on a variety of topics. Bill thrives on learning and we know he will continue to stay curious with his Apple watch and computer.

February's general meeting will be held Tuesday, February 13th when Ken Spencer will take a closer look at Apple's Notes app. Ask the Tech begins at 6:30PM and program at 7:00PM in KS Presentation Hall.

On Monday, February 26th, Andy Petro and Vicki White will present

"Great Apple Gift Ideas for Friends and Relatives". Andy and Vicki will take a closer look at some items, gadgets and gizmos that make using Apple products both fun and useful. You are bound to discover something new and perhaps a Valentine gift for yourself!

Ask the tech begins at 10:15AM and program at 10:00AM in KS Presentation Hall.

Note: watch weekly emails for possible program changes or check the calendar on club website.

January's edition of The Cider Press has an

excellent article on tips to extend your iPhone's battery life – check it out on the club website.

Membership renewal continues and the information is on club website.

## Democratic Club

BY JUDY GANULIN

At our January meeting Lincoln Democratic Club members learned a great deal about the Placer Food Bank from Director of Operations Jorge Lupercio and Regional Philanthropy Manager Laurie Rinker. It made us even more proud to volunteer regularly at the Food Bank!

We have endorsed Jessica Morse to represent us in the 3rd Congressional District and will keep busy supporting her and our other endorsed candidates this year.

We meet the third Thursday of every month (except July and December) at Kilaga's Presentation Hall. We always welcome new members. For more information, please see our website, <https://democraticclublincoln.org>.

## Neighbors InDeed

BY JAN LEE & PAT TOGSTAD

**WORKING 9 TO 5....** A snappy tune in 1980, and also NID's hours. An (I&R) Information & Referral Volunteer returns your calls, answers questions and informs you if NID performs the tasks you're requesting. If not, we will offer you 3 referrals from our Resource List, all recommended by SCLH residents who were pleased with them and recommended their services.

Weekdays from 9 to 5, we respond to all voicemails in order, from earliest to most recent. That's why we don't answer the phone. An average of 25-35 voicemails are handled each day, including the overnight voicemails. Our goal is to return all calls ASAP by 5 pm the same day. NID does not work on weekends or National holidays.

Calls are coded (HH) for Handy Helper

tasks and (ME) for Medical Equipment delivery and pickup. I&R enters requests into NID's database to record your information and track each call. When the Dispatcher receives requests, he or she will work to assign the task and enter the HH or ME's name. HHs must return calls within 48 hours and MEs within 24 hours, it's usually much sooner for both. The assigned HH or ME volunteer will call you to confirm task/s and set an appointment time that works for you. If you're not home, they will leave a message or call back.

In 2023, NID completed 2,545 HH calls, 851 ME calls and 3,843 calls for referrals and information.

To SKIP our phone greeting: When message starts - tap the asterisk (\*) key on your phone - message will stop - begin leaving your request.

Our 24-hour phone number is 916-223-2763.

Check out our website: [www.neighborsindeed.org](http://www.neighborsindeed.org).

## S.C.H.O.O.L.S.

BY PATTI KINGSTON

You can start the New Year right by  
volunteering your time and skills to support  
education in Lincoln schools (grades K-5)  
or Phoenix High School through our  
S.C.H.O.O.L.S. Volunteer Program. The  
beauty of this program lies in its flexibility –  
you choose the hours and days that suit your  
schedule. No prior experience is necessary,  
and the only prerequisite is a willingness  
to share your time and talents with eager  
learners. Teachers actively seek volunteers  
to provide additional support, creating an  
enriching environment for students to thrive.  
Volunteers often find that the experience is just  
as rewarding for them as it is for the students

they work with. In the elementary schools’  
volunteers may work with children in a reading  
group or be making copies of tests or classwork.  
The teacher will let you know what she needs.  
At Phoenix High tutors work with students one  
on one in Math, History and English. Their  
goal is a High School diploma. This effort can  
be the spark that ignites a brighter future for  
our students. The SCHOOLS program has  
witnessed countless heartwarming stories of  
volunteers going above and beyond to make  
a positive impact.

If you would be willing to volunteer in a  
classroom for a couple of hours a week, we  
have a place for you. You can help out in a  
K-5 class or at Phoenix High. “SCHOOLS”  
stands for Sun City Helping Our Outstanding  
Lincoln Schools. That’s our name and that’s  
our mission.

A volunteer can make a difference in their  
getting to grade level in elementary and being  
able to pass classes for those in High School.

Our annual meeting will be in September  
and will consist of a round table conversation  
among volunteers to share ideas and  
experiences. Anyone considering volunteering  
is encouraged to join us. Date and location will  
be announced later.

If you are interested in volunteering in  
K-5 classrooms, contact Cyndi at ccolloton@  
yahoo.com. To volunteer at Phoenix High  
School contact Irma at jmeidm@aol.com.

## Writers’ Group

BY RAY BIRGE

Welcome to 2024! Hopefully, you survived  
the holidays and made wonderful memories  
in the process. Anne and I did and some of  
those memories have been an inspiration for  
me to draft a short story and Anne a poem.  
We found putting stories on paper is very  
cathartic and fun. It helps us to reflect on how  
wonderful life can be.

We are the SCLH Writers’ Group  
dedicated to the mission of encouraging  
the growth and development of members in  
meeting their individual writing objectives.  
We want to be the most creative organization  
possible by providing feedback and constructive  
suggestions to our members and have fun  
doing it.

Now would be the perfect time to  
remember 2023 by authoring a funny story,  
a poem, spinning a yarn or putting your 2024  
New Year’s resolutions on paper. We meet  
monthly on the 2nd and 4th Monday from  
5 to 7 pm in the Computer Room (OC).  
Bring 12 to 14 copies of your less-than 1,400  
word “masterpiece” so we can read along as  
you read aloud. Then, we provide oral and  
written constructive suggestions. Join us and  
we’ll laugh or cry together. Let’s have fun!  
Remember, if you can’t laugh at yourself,  
someone else will.

Any questions, call Anne Constantin Birge  
909-956-3556.

## Genealogy Club

BY NANCY SWITZER

How many of you have been laid low from a “bug” this past month? Well, here is a bug that is contagious but will not affect your health! In fact, it may make you happy. It is the Genealogy Bug! It is said that Genealogy is the second most popular hobby behind Gardening. So come to our club meeting on February 16, 10 AM in the KS Presentation Room and see if you can catch it!

Our Presenter this month is David Munger. He is not a genealogist but is the librarian in charge of the Genealogy Collection at Sacramento Public Library. He received his Master of Library and Information Science from San Jose State University and has been with SPL since 2003. He runs the library’s monthly Zoom genealogy program and loves to poke around in old newspapers. David’s talk will cover the Genealogy Collection, monthly programs, the Sacramento Room, database resources, and the newspaper archives. He will discuss how he handles local obituary requests and how you can search the newspaper archives both online and on microfilm.

Afterward, please join us at our Social in the Kilaga Café.

Don’t forget RootsTech begins on February 29th. For more information go to rootstech-slc.familysearch.org. There are many interesting online classes to enjoy. For instance, “Five Steps for Fact Checking Online Trees.” One wrong name and you could be (barking up) following the wrong tree! Or, “Help! I’m New to Family History!”

Genealogy Workshops are offered on Mondays from 1:00-3:00 PM. Not a member? Contact Kate

McCarthy at starkayak@icloud.com for more information.

## Food Adventures Club

BY PAUL WANKLE

We closed out 2023 with a holiday party held at Bennett’s Westside Grill in Rocklin, with 44 members enjoying a cocktail hour, a delightful dinner and the opportunity to socialize with new and old friends.

Our quarterly meeting was attended by 75 members and included a presentation on “Winter Wassailing,” a tradition dating back to the 5th century. Following a brief presentation regarding the history and traditions of “Wassailing,” the members adjourned to the Kilaga Kitchen to enjoy warmed sider, cheese fondue with apples, bread, and carrots along

with an incredible array of homemade desserts brought by members.

We are very enthusiastic about planned activities for 2024 including a visit to a local craft brewery in mid-February, a large appetizer gathering at homes for 60-70 members on February 21, two cooking classes in March, a mushroom presentation and appetizer tasting in April, and more!

If you’re interested in food and beverage and want to meet with fellow “foodies,” this may be the group for you! Our next general meeting will be held at Presentation Hall on April 22, 2024 at 2:00 p.m., with a food tasting in the Kilaga Kitchen following the meeting. Several other monthly events are being planned now through April and for the remainder of 2024.

The Food Adventures Club experienced considerable growth, but we welcome new members to join us for a wide range of food and beverage related events. Please contact Paul Wankle, President, for details and additional information at pwankle@gmail.com, 925-989-8547

# Freedom From Back Pain

Now, a clinic that fills the missing link of healthcare and chronic pain.

Has your chronic back pain made life difficult, unbearable even?  
Have you had failed back surgery?  
Are you suffering from stenosis, bulging or herniated discs?  
Have doctors and specialists offered you pain management techniques that don't really address the problem?

You are not alone. Nearly 38% of the world's population suffer from debilitating back pain. And even more unfortunate, the surgeries recommended to fix you have such a high failure rate that there is a medical term for it, Failed Back Surgery Syndrome (FBSS). FBSS comes with a whole host of symptoms that often make life more difficult than it was before you opted to have surgery and include persistent pain that can affect not only the back, but the neck and limbs as well.

***"For our 45th anniversary our children gifted us an Alaskan cruise," shared Max G. of Wheatland, "It's the trip of a lifetime! But while the excitement of exploring the Tundra Wilderness was almost too much to bear, so was my back pain. I've had two failed surgeries and my surgeon keeps pushing for another. One of those fool-me-once situations, but I also didn't want to spend 10 days in a cramped cruise room miserable and taking pain pills."***

Not all hope is lost however. We specialize in treating back pain. Whether it's from a disorder, repeated injury, osteoarthritis, or something more complex like FBSS, we are helping people live lives free from pain!

Our patients are typically individuals who have been told they should have surgery but would either have a difficult time going under the knife or have tried that route with little success and decided to explore other options. There is more to healthcare than prescription pills and scalpels. By offering several integrative therapies at Lincoln Acupuncture we are able to combat and treat your pain from several angles ensuring the possible outcome.

We have pioneered non-pharmaceutical, non-surgical innovative medical solutions that not only address the back pain itself, but its cause as well.

Acupuncture has been used for thousands of years to reduce inflammation, increase blood flow, and stimulate the release of endorphins, the body's natural painkillers. To expedite this process, we integrate a targeted microcurrent therapy called ATP Resonance BioTherapy™. This technology was originally developed by NASA to expedite healing and recovery.

In especially complicated conditions they will also utilize BioVantage Regenerative Therapy™, a proprietary technique that makes use of terahertz frequency. We use it today to combat inflammation and in a majority of cases, offer our patients a more permanent solution.

***"If you would've asked me 3 months ago if I thought I would feel this good after acupuncture treatments, I would've told you, you're nuts! But I'm a believer! My wife and I are currently booking excursions for the cruise and I'm actually looking forward to it. Before I would've been hesitant to even schedule something like dog sledding knowing my pain was through the roof, but now I can't wait! Obviously I have my kids to thank for this trip but I can't help but take my hat to the team at Lincoln Acupuncture because those ladies are the reason I'm going to truly enjoy this trip."***

## LH Amateur Radio Group

BY DANIEL LEHRER, KN6DRN

For 2024 we posted the Net Control Operator schedule, ARRL Contests and State

QSO Parties. The Club participated in the ARRL RTTY Contest. RTTY also known as radio teletype typewriter was very popular in the 60-70's and a main method of networked typed remote communications of that day. It uses a 5 bit frequency-shifted "Baudot" scheme of "1" and "0". With shifting, capable of 2x32 combinations of letters, numbers and carriage control characters. John, NQ6Q contributed 141 QSO's covering 38 States, 10 Canadian ciontacts and 3 foreign entities. Dan, KN6DRN had 25 QSO's including 12 States, 2 Canadian Provinces. The East Coast was hot with 29 total contacts made. Meetings are held at the South Tower every Monday night at 6:30 PM. Our club conducts a weekly radio network at 7:00 PM every Monday on the W6LHR Repeater at 147.030 MHz, 167.9 PL. ## RV Group

BY MARY CARBREY

RV there yet? As our incoming board members kicked off our first meeting of the year, we had a great turnout of new members and guests! Everyone enjoyed hearing about the group that just returned from the Rose Parade in Pasadena. When reflecting on the trip, Wagon Master, Steve Beede stated,

"Our objective starting over a year ago was to enable our members to satisfy a Bucket List Experience. We feel very gratified that our objectives were met in full: from decorating a float to cheering the Parade and wonderful events in between. There is a magic that our members (and guests) experience at an RV Group Rally: from the closeness of sharing a firepit to the broadness of joining an experience bigger than ourselves. That's why we love our Lincoln Hills RV Group." That about sums up what we are all about!

We have several rallies coming up in 2024 including exploring such regions as Mountain Gate/Shasta Lake, Buellton/Solvang, Truckee/Tahoe, Bodega Bay, Jackson, Albuquerque Balloon Festival and Feather Falls/Oroville. To learn more details about these rallies and our group, check out our club website at lhrgv.com. Our meetings are held the second Thursday of each month at KS, 4:30 PM in the Placer Room. All members and those interested in learning more about our club are welcome to attend. For general information contact our Club President, Jake Baker at 916-838-5253 or jlbaker525311@gmail.com. ## Bird Group

BY RUTH BAYLIS

It was another successful and fun year for our Lincoln Hill's teams that participated in the Lincoln area Christmas Bird Count on December 28. It was disappointing that we

Dancing Sandhill Cranes by Linda Morley.

counted the lowest number of birds, 2085, in our count history, but good that we did meet a historical average of 70 species. It was 2018 that we last counted over 3000 birds, and more than 4000 birds was not uncommon in earlier years. I don't know if this has been a trend in the overall Lincoln area count, but this year they found the flooded rice fields and the Lincoln Wastewater Treatment Plant devoid of their usual high number of waterfowl and shore birds. But, a Tropical King Bird in Sun City Roseville was an unexpected find.

Our annual trip to the Consumnes River Preserve and Staten Island in the delta did not disappoint. We saw plenty of dancing Sandhill Cranes along with Aleutian Cackling Geese, which are target species for this outing.

Here are some upcoming events. Watch for Bird Group emails regarding cancelations or rescheduling. For away trips, unless otherwise noted, we meet for carpooling at the west end of the Orchard Creek parking lot, near the fitness center indoor pool.

• Feb 9, Fri, 8:00AM: Bird Walk at Coyote Park Pond, located across Twelve Bridges Drive

## Strategic Planning Guides the Future

BY STRATEGIC PLANNING TEAM

SCLH is beginning the process to develop a 5-year vision and strategic plan. "What's in it for Me" is the question you may ask. A strategic plan will help guide how key decisions are made and how our resources are used. It will depend on data to drive decisions and establish processes that carry over from Board to Board. As members of this community your involvement and input is crucial because resident opinions and ideas will help provide a foundation for our future.

We've had a great run. Del Webb/Pulte left us with a spectacular, amenity-rich community that exudes the "WOW!" factor. Early residents shaped our community, formed clubs, committees, sat on Boards, set policies, practices, and influenced lifestyle offerings. Then came the wave that brought new amenities like Pickleball and solar arrays that enriched our lives. All of this has made Sun City Lincoln Hills a top-rated active adult community.

Our 25th anniversary is on the horizon, and we need to acknowledge there are changes coming:

- Aging Infrastructure.
- A dated appearance showing wear and tear.
- Rapid growth surrounds us, and competition is increasing.
- GenXers are moving in with new ideas on what appeals to them.

Will the things that worked in the past continue to serve us moving into the future and are we prepared for the rapid growth to come?

What will a strategic plan do for me/us?

• Provide guidance for the future of the community so that all members have a clear vision of where SCLH is headed and participate in our future.

A strategic plan is a guide through the process and identifies common goals. A strategic plan will not have all the answers but will lay out the key steps we need to take over the next few years.

## Garden Club

BY LORRAINE IMMEL

Meet and enjoy guest speaker Dave Faoro at our February 22, 2:00 PM, Kilaga Springs General Meeting! His topic-"Successful Vegetable Gardening one Square Foot at a time-even on Rocks!"

Dave is a Certified Square Foot Gardening instructor.

Square Foot Gardening is a simple method of creating small, orderly, and highly productive vegetable gardens. It was invented by backyard gardener, retired engineer, and efficiency expert Mel Bartholomew as a better way to grow a vegetable garden. Dave has been using the Square Foot Gardening techniques since it first came out in 1981. In the presentation

he will cover (from start to harvest) using the Square Foot Gardening method for beginning to advanced gardeners.

After retiring from a 35-year career in Payment Security, he says he always gardened, having grown up in an Italian family where both parents and both sets of grandparents had large vegetable gardens. Dave shares, "I have a BA in Biology and MS in Software Engineering which is why I take a more scientific and experimental approach to gardening along with a hunger of always learning through classes, reading, seminars, etc. My goal is to help veg gardeners to be successful and learn from my trials." He says he has a large vegetable garden of about

1/2 acre on his 5-acre property in Newcastle and is known for his "tomato obsession" where he has had 125 varieties of about 350 plants.

What does he do with all those tomatoes? He donates the profits from his honor farm stand to the Placer Food Bank.

Bring your plants to donate as there will be Brown Bag Sales at this meeting-also, bring your garden questions as Master Gardeners will be available at 1:30 PM to help you.

We encourage you to register for 2024 membership now so you can take advantage of getting a door prize ticket and signing up for garden events.

## LH Cyclists

BY TOM FRADY

Other than the brief meetings held at our annual potlucks, LHC has just one full business meeting a year – every January. For those unable to attend, here is a very quick summary. For detail and more very helpful information, I recommend downloading the fine Power Point presentation from the meeting.

Geoff Capell's nominating committee is looking for volunteers to run for president, vice president and treasurer. Many of our current officers have remained past their initial commitment. Is it your time to step up?

The club treasury looks healthy. Some major expenses were first aid kits for the ride leaders, the membership for Ride with GPS (available to all club members for free) and some well-placed donations. Dues are one dollar a month. A real bargain.

Our new social committee has developed a well-attended event every quarter: two potlucks, the Moska Beer Party and the Club Dinner. The committee members are all staying on for 2024.

Fred Higgins has provided important and detailed Placer County Cycling information with law enforcement contacts, bike path/ bike lane information and fascinating data on planned paving and road upgrades in the county. County and state websites are provided so one can dive even deeper.

While the issue never goes away, there seems to be renewed activity around cyclists and stop signs, especially within the LH confines. Members are encouraged to ensure safety is always #1.

Our thanks to our dedicated officers, ride leaders and committee members who keep our club running and allowing all of us to ride safely with friends.

## Mad Hatters Bocce Group

BY KIM PETRUZZELLI

Who are our best bocce players? We have no idea. That's because our focus is on the fun of being out there with neighbors instead of our need to beat them. Not that winning doesn't feel good, but it isn't as important as just getting out of the house and spending an hour or so having fun.

We play bocce ball year-round each Thursday morning, and usually have anywhere from 25 to 45 players on the courts. All skill

levels are welcome. From now until May, we begin at 10:00 am. Teams of 4 players are formed on-the-fly each week so just show up! The focus is on recreation not competition, and we rotate players and teams with each 20-minute round. Our players usually spend about 90 minutes on the courts. New, inexperienced, and handicapped players are always welcome. Don't know how to play? We'll guide you. There is plenty of parking available at the courts, and it's a great way to meet new people.

If Thursday mornings aren't convenient for you, or you just can't get enough bocce, there's also a fun drop-in bocce group called the Night Owls. No, no, it's not midnight. They play on Tuesdays at 4:00 pm.

## LH Senior Softball League

BY FRED SERNA

On behalf of the Lincoln Hills Senior Softball League (LHSSL), our membership and the many family members and fans who attend our games and support our program, we genuinely and wholeheartedly welcome each and every resident of the Lincoln Hills community to the auspicious start of 2024. The 2024 Player Application form is available on our website. We encourage anyone interested in joining us this year to complete the Application and submit it as soon as possible. Instructions for submission are printed on the form. Applications are also available in the entertainment kiosk slots located in Orchard Creek Lodge across from the living room. Anyone experiencing problems with accessing our website, downloading forms or simply obtaining a Player Application form can contact me or any league Board Members. Board contact information is also available on our website. The Board is always available and happy to assist.

As in previous seasons, player conditioning clinics will be provided prior to the start of our Softball season for anyone wishing to take advantage of the guidance offered and the important physical conditioning regimens needed to comfortably and effectively take part in playing Softball. As usual, our Rules Committee will meet to review rules change suggestions from our members. The deadline for serving on the committee is now closed, however, suggestions can still be submitted to our Commissioner by end of day on January 31st.

As we embark upon our 25th anniversary, we hope that residents interested in becoming a member of the LHSSL will join us in celebrating this very special milestone. As always, we hope to see you on the field sharing our pledge in making the LHSSL the absolute model for Sportsmanship and Fun, a distinction that has always been and will always be.

## SUN CITY REAL ESTATE UPDATE

I think the biggest changes occurring in the Sun City housing market over the past 15 years is not happening in Sun City itself. It is the ever increasing number of over 55 communities that are being developed or have already been built. It's really important to understand that the competition for buyers is not just from within Sun City anymore. Granted there are specifics that draw people to the Sun City communities, the open space, the golf, the large and varied community opportunities, but the over 55 market is no longer exclusive to Sun City and that is very important when considering where to price your home for sale.

## Shuffleboard Club

BY JON KLINE

Our 3 additional PolyCourts arrived in December, and the BOD voted to locate all 5 courts on Tennis Court #10 for at least 6 months. The courts were laid out on January 10th (see photo)... big thanks to our maintenance crew who also mounted the scoreboards and put together our new storage locker and secured it to the fence inside the court. This location is closest to the maintenance building at the far end of the softball parking lot. Shuffleboard club play continues every Thursday and Saturday afternoons from 1:00 to 3:45 PM. New players are welcome at any club session but there will also be special orientation sessions and clinics every Tuesday afternoon from 1:30 to 3:00 PM. For open play and practice, you can reserve courts for 1-3 hours up to 7 days in advance at: Resident Website/Wellfit Reservations/Shuffleboard Courts. Get the locker key at the OC Fitness desk. Other large social clubs have formed shuffleboard groups and scheduled weekly play times; contact your club's social director.

The club celebrated our 2-year anniversary on January 17 with a luncheon at the Solarium. Thanks to our Social Director, Irene Hesson for organizing it.

Email the club for the basic game rules. We are a no dues club, all residents and their guests are encouraged to come to the courts and learn to play this sport. People of all ages and fitness levels can play shuffleboard; no

bending or lifting is required.

## We Cancel Timeshares for You

Many people believe their timeshares cannot be canceled, but they often can be. Our founder and CEO, Chuck McDowell, has successfully fought in federal court for the right to help timeshare owners — like you — out of their “binding” agreements. Whether you were misled or pressured, you may have an easy exit.

### How Does the Cancellation Process Work?

- Start with a FREE consultation to discuss your needs.
- If we see that the circumstances of your agreement qualify you to exit the timeshare, you’ll be assigned a specialist to walk you through gathering documentation.
- Our Resolution Department then works quickly to have your timeshare and related fees permanently terminated.

We are able to help most timeshare owners that contact us. You could be one phone call away from complete peace of mind.

Get your free information kit and see if you qualify:

## Tax Season is Here!

BY GARY STEER

Lincoln AARP Foundation Tax-Aide volunteers are ready to assist you with your 2023 tax returns! This 40-year-old program provides free income tax return preparation and counseling for low to middle-income taxpayers with special attention to those 60 years and older. This joint IRS and AARP Foundation administered program is staffed by volunteers from Lincoln who are trained, and IRS certified each year to ensure they know about and understand the latest changes and additions to the U.S. tax code. These returns will be filed electronically (e-file) with the IRS and California Franchise Tax Board, which allow clients to have their tax refunds deposited directly into their bank accounts within two weeks. Nationwide, volunteers are using computers to complete and e-file approximately three million tax returns to meet the April 15th, 2024 filing deadline for 2023 income.

This service will be available by appointment only this year at Granite Springs Church, 1170 E. Joiner Parkway. People can make income tax preparation appointments by calling 916-258-5065. The Intake/Interview Sheet is required of all clients and may be downloaded or completed online (locations will be provided when your appointment is scheduled). This form is also available in the Orchard Creek Lodge lobby, Kilaga Springs library, Lincoln City Hall Lobby, and Granite Springs Church.

Billiards

BY WAYNE BUCHANAN

A short History of Cue Sports

The game of pool, and all of its relatives can trace their roots back to the 15th century and seem to have evolved from the ancient ancestors of games like croquet and golf. The ancient French game called Jeu de mail (middle french for mallet game) is a good example.

King Louis XI had the first recorded indoor billiard table around the year 1470 and one of his heirs, King Louis XIV, refined the game and it became popular throughout French nobility. It spread across the channel, and it is said that Mary Queen of Scots complained when her table was taken from her by those that eventually executed her and used the table's cloth to cover her body. Other notables that took a liking to the game include Louis the XVI and Marie Antoinette, Mozart, Napoleon Bonaparte and later, George Washington and Abe Lincoln.

As the game moved indoors to tables, the rails were added to keep the balls from rolling off the surface. These rails evolved over time into the cushions we all know today. The tables included not only pockets but hoops and other obstacles that the balls were required to navigate. The modern cue stick evolved from maces or mallets. When a ball lodged itself against a rail it was found that using the handle end of the mallet had better effect than the hammer end. Eventually this became the preferred method of striking the ball and the modern cue stick was born.

Hopefully there will be more billiard history right here next month but until then, please come join us in the billiard rooms and check out our website at <https://lhbilliards.com/> We have tournaments for every skill level,

mentoring classes and several social events to attend. It's fun.

I'll see you in the pool room.

Cribbage Club

BY MEL SWITZER

The power of crib is a curious thing

Make a one-man weep, make another man sing

Change a skunk to a little white dove

More than a feeling, that's the crib of love

Tougher than diamonds, rich like cream

Stronger and harder than a bad daydream

Make a bad one good, make a wrong one right

Power of crib could keep you up at night

You get some money, get some fame

We don't take credit cards to ride this train

It's strong and it's sudden and it's fun most times

But it might just help your life

That's the power of crib

That's the power of crib

The Power of Crib belongs to our recent winners: Jean Stefani 12/20, Betty Carter 12/26, Marianne Crosby 1/2 and Bruce Quick 1/9.

SSNLH WRITER...  
That Extra Day

BY JOY S. HUTCHISON

We are now in the month of February, when we honor Washington and Lincoln, our long-ago presidents who in their time influenced the liberties we have today. We also rejoice in Valentines Day by endowing our loves with chocolate, champagne and perhaps a bouquet of flowers or happy-face balloons. To top that off this year, we are celebrating Leap Year, that super duper extra day, February 29th! Of all the months of the year, February, the shortest one, seems to be overwhelmed with excuses to take an extra day or two to just do... whatever.

It's not only the Leap Year babies who get that extra day, we all do. That gets me to thinking about those extra days we all have... a business appointment canceled, a sniffle from one of our family that means going to a special event is not going to happen, the date that calls because something... not too clear but valid in his or her own eyes... means you have an evening free. So, what to do?

During my care-giving time, my loved one attended an adult day care a few days a week for four hours. At the front desk where I checked him in, there was a comment sheet asking the care-givers, "What do you do with your free time?" Some of the comments were quite predictable, "Got my grocery shopping done", or "Went for my annual physical", or "Treated myself to a massage/ pedicure". The

comment that struck me the most was one that said, "Went home and took a nap".

Time is precious. Make the best of it, and take advantage of the extra day that February offers you.

What will I do for Valentine's Day?

BY VAL SINGER

What will I do for Valentine's Day? Go out to dinner? Nah, it'll be too crowded. Lovely box of candy? Nah, just got over the holidays and are trying to lose some of that extra weight. Flowers? Well, maybe, but it seems like that's every year. Mushy card? Go to the Dollar Tree and get the 2 for \$1.25 one or really splurge and pay \$5 bucks? Ah, they just get thrown away anyway! Movie? Can stay home and watch Netflix. Not to mention the price of popcorn!

While all these options use to sound great, the older I get the less desirous they are. Going out somewhere seems to take too much effort and if it's raining, forget it all together!

Well, I think putting on flannel pjs, cuddling on the couch with my honey wrapped in a warm blanket, and watching a very old movie that doesn't have foul language, sounds wonderful to me. Gee, I hope he's going to read this!
